PROOF OF AGE INSTRUCTIONS

Listed below are the various types of proof that you may submit to substantiate your date of birth. Proof as high in order on the list as possible should be submitted if you have it, or if it is readily obtainable, because such proof is generally more convincing. For instance, if you have or can readily obtain a birth certificate, it should be submitted rather than a baptismal certificate or a statement of birth shown by a church record. If you do not have either of these proofs, or they are not readily obtainable, try to submit the proof listed next in order rather than one lower on the list. If you are unable to submit at least one of the first 12 proofs listed, you may be required to submit two or more of the remaining items shown. Photocopies of your proof of age are acceptable; however, please note that Naturalization Papers, U.S. Passports and Immigration Papers may not be photocopies. If any of these items are the only proof of age you have, please submit the original and it will be returned to you.

- 1 A birth certificate
- 2 A baptismal certificate or a statement as to the date of birth shown by a church record which has been certified by the custodian of such record
- 3 Notification of registration of birth in a public registry of vital statistics
- 4 Certification of record of age by the United States Census Bureau
- 5 Hospital birth record certified by the custodian of such record.
- 6 Document showing approval of Social Security Retirement Benefits
- 7 A foreign church or government record
- 8 A signed statement by the physician or midwife who was in attendance at your birth, verifying the date of your birth as shown on their records
- 9 Naturalization Papers
- 10 Immigration Papers
- 11 Military record
- 12 Passport
- 13 School record certified by the custodian of such record
- 14 Vaccination record certified by the custodian of such record
