The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.teamsterfunds.com.com or call 1-800-523-2846 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	\$100/person; \$200/family. The deductible does not apply to services which require a co- payment or for which no cost sharing is permitted.	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services in addition to the deductible
Are there services covered before you meet your <u>deductible?</u>	Yes.	All preventative services under the Affordable Care Act are covered with no cost share
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	 \$5,000/person; \$10,000/family for medical, of which \$500/person (in-network) applies to coinsurance; remainder applies to copayments. Pharmacy copayments are capped at \$1,500/person & \$3,000/family. 	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance billed charges, health care this plan doesn't cover & penalties.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <u>network provider</u> ?	Yes	Network providers are contracted to accept a negotiated rate so your out of pocket would be calculated based on the negotiated rate rather than the total charges
Do you need a <u>referral</u> to see a <u>specialist</u> ?	Yes	This plan will pay some or all of the costs to see a specialist for covered services but only if you have the plan's permission before you see the specialist .

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
