

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately.**

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, 1-800-523-2846. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. | Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall deductible? | \$500/person & \$1,000/family in-network; \$1,000/person & \$2,000/family out-of network. The deductible does not apply to services which require a co-payment or for which no cost sharing is permitted. | You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services in addition to the deductible. |
| Are there services covered before you meet your deductible? | Yes. | All preventative services under the Affordable Care Act are covered with no cost share. |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services but see the chart starting on page 2 for other costs for services this plan covers. |
| What is the out-of-pocket limit for this plan? | \$5,000/person; \$10,000/family for medical, of which \$750/person (in-network) applies to coinsurance; remainder applies to copayments. Pharmacy copayments are capped at \$1,500/person & \$3,000/family | The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. |
| What is not included in the out-of-pocket limit? | Premiums, balance billed charges, health care this plan doesn't cover & penalties. | Even though you pay these expenses, they don't count toward the out-of-pocket limit. |
| Will you pay less if you use a network provider? | Yes. | Network providers are contracted to accept a negotiated rate so your out of pocket would be calculated based on the negotiated rate rather than the total charges. |
| Do you need a referral to see a specialist? | No. | You can see the specialist you choose without permission from this plan. |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
